BRIEFS.

—Little Gypsy to-night.

—Operetta of Little Gypsy to-night.

—O. C. Keeler, of Beloit, was in the city to-day.

—Mrs. Will Hollister is seriously ill, of erysipelas.

—Miss Maggie Beahm, of Oshkosh, is in the city visiting relatives.

—A. B. Carpenter, Esq., of Beloit was in the city this morning.

—Do not fail to hear the children's operetta to-night at Lappin's hall.

—The Dolls' Brigade at Lappin's Hall to-night, is best thing of the season.

—Judge Sale's decision in the Butler case will not be rendered until Friday.

—Mrs. C. B. Conrad is spending a few weeks among friends in Mt. Carroll, Ill.

—Col. Charles C. King has been made a member of the West Point board of visitors.

—A number of Janesville young people will attend the May party at Clinton to-morrow evening.

—Do not fail to see the grand floral display by the children in the operetta of "The Little Gypsy" to-night.

—Janesville City Lodge No. 90, I. O. O. F., occupy Old Fellows hall this evening—regular weekly meeting.

—Western Star Lodge No. 14, F. and A. M. assemble in semi-monthly communication this evening at Masonic hall.

—John Decker and the tobacco shippers in his employ made a trip to-day to Koshkonong, the time being spent in fishing.

—The Gypsies will join the village children in their May day festival at Lappin's opera house to-night and to-morrow night.

—After considerable discussion last evening it was decided by the Light Infantry to take part in the Memorial Day exercises at Broadhead.

—Oriental Lodge No. 22, Knights of Pythias, assemble in regular weekly meeting this evening—lodge room in the Jeffris block, West Milwaukee street.

—John Gagen, who is said to have "slugged" Robert Hill, one of the Reformer force, was brought up for trial before Judge Patterson this afternoon.

—The Janesville Grange will give a social party at their hall Thursday evening May 23d. Smith & Anderson will furnish the music. Tickets, \$1. A cordial invitation is extended.

—Presiding Elder Bosworth and wife, Rev. G. H. Trever and wife, Rev. Mathew Evans and wife, and several others from this city attended the missionary convention at Evansville this afternoon.

—Claims against the estate of Richard Rooney were presented in Judge Sale's court to-day, T. W. Goldin appearing as guardian ad litem for the child and W. T. Vankirk representing the estate.

—The Inwood Creamery Co., of Beloit, has filed articles of incorporation with Recorder Valentine, the capital stock being \$4,000. The incorporators are Henry W. Miller, Willis S. Thompson and T. Miller.

—Burr Springs will be opened to the public about the 10th of next month. Mr. Burr thinks of lighting the grounds with electricity, using a small storage battery and taking power from the boiler of his steamer.

—Will O. Wheeler, business manager for Dan Sullivan in "The Corner Grocery" was in the city yesterday completing arrangements for the appearance of his company at Lappin's opera house on Monday evening, May 27th.

—The most pleasing entertainment of the season will be the operetta of the "Little Gypsy" given by the Children's Musical Society, at Lappin's opera house, to-night and to-morrow night. Tickets for sale by the children.

—Mr. Robert B. Thorpe, representing the Pettibone Manufacturing Co., of Cincinnati, is in the city and will be present at the Knights of Pythias meeting this evening, with a full line of sample uniforms. All parties interested are requested to be present.

—The delegation of Janesville Knights Templar who visited Beloit last evening experienced a right royal time in the Line City. They witnessed the conferring of the Red Cross and Templar degrees, and were highly pleased with their reception and entertainment.

—Mrs. L. P. Stearns, mother of Mrs. Henry Stearns and Mrs. L. S. Best, was taken seriously ill yesterday afternoon after returning from a walk. She is at the home of her son, 124 Washington street. At noon to-day she was thought to be improving and resting comfortably.

—The directors of the Building Association will hold their regular monthly meeting on Friday evening next at the office of Silas Hayner in Smith & Jackson's block, formerly occupied by John M. Whitehead. Members wishing to obtain funds are requested to take notice.

—"How long since Janesville men have been buying that sort of thing?" asked a sedate married lady wondering as she stood in front of the window full of pink and blue bustles shown by the Magnet. She had mistaken the windows; and the idea that the gauzy creations were part of Kneff & Allen's spring stock left her pretty nearly speechless.

—Members of the Fortnightly Club have arranged a patriotic programme for Friday May 31st. The club will meet at the home of Mr. and Mrs. E. Shoppell and songs, papers and readings in keeping with Memorial Day will form the order of exercises. A discussion on the topic "The United States in 1789 and in 1889" will be included.

—Hagney and Shoemaker, the two young men who threatened O. E. Smith with a knife last Sunday and who threw a beer keg through the door of Mr. Smith's saloon, corner of Academy and Wall streets, were fined five dollars and costs. They said they wanted a drink and Smith would not give it to them on account of its being Sunday.

—The Young Ladies society of the Congregational church will give a parlor concert at the home of Miss Della Stout, 59 North Jackson street, Friday evening, at eight o'clock. An interesting programme consisting of some of the best musical talent in the city, has been arranged. All are cordially invited. Admission fifteen cents.

—Five prizes were shown in the window of the Milwaukee street shooting gallery this morning. They were a shot gun, a hunting case and hat, a jointed fly rod, a set of kid boxing gloves and a pair of Indian clubs. The prizes will be awarded next Tuesday to the person shooting the best score.

—A 22 calibre rifle is used.

B. Taylor leads as yet with a score of sixty-nine, made with a Ballard rifle. Those competing are allowed to use their own rifles if they prefer.

Yesterday Chief Engineer Blunk and Ald. J. B. McLean, chairman of the fire and water committee, caused key boxes to be put up by the side of the fire alarm boxes on the west side of the river, and at box 31 on the east side. These key boxes have already been described in the columns of the Gazette. They have a glass face, which has to be broken in order to get the key to the alarm box. Directions are painted on the inside which are to be followed:—"In case of fire BREAK THE GLASS." It is thought that the placing of these key protectors or boxes at all the stations, false fire alarms will be prevented.

—The Agricultural Society have just finished a tight board fence in the road leading to the grounds, which improves their looks much. The fence is six feet high, with a heavy cap on top. We notice quite a number of Janesville business houses have taken advantage of the space to advertise; and on inquiring find that the space is being sold with a privilege of five years, as the fair grounds are becoming more of a resort each year. It makes a splendid way to advertise, as the ads are displayed in a showy manner. As there is still room for some fifteen more, we would advise those of our business men who have not already got a display, to look into it before the June races, and secure a space.

—Mrs. Bintliff is preparing an afternoon musicale to be given at the Sunday school rooms of the Congregational church, on the afternoon of Wednesday, May 29th, at four o'clock, and a concert to be given on the evening of the same day at eight o'clock. She will be assisted by Mrs. Christine Hawley, Mrs. Mary Stevor and by her pupils. A fine programme may be expected. Among the numbers in preparation, are the "Scherozo" from the Midsummer Night Dreams, music of Mendelssohn, arranged for two pianos and two performers. A Kinder Symphonie of Choralis will be played on two pianos and by four performers and an orchestra of fifteen toy instruments. There will also be two other numbers for eight hands and two pianos. Mrs. Hawley will sing in her usual charming manner some Norwegian songs and the whole programme will be varied and interesting. The pianos used will be the grand piano already in the Sunday school room, and a Decker Bros. upright furnished by Mr. McGregor, of the City Music Store on South Main street, and it is needless to say it is a fine instrument in every particular. A small admittance fee of ten and fifteen cents will be charged.

DUST BEGINS TO FLY.

THE CIRCUIT HORSES MAKE THEIR FIRST ROUND TO-DAY.

Down in Cambridge City, Indiana, to-day the same horses jumped when a red faced man yelled "Go!" that will answer the same signal, later in this city.

The races at Cambridge City are the first in the Northwestern Central circuit and there will be a continuous round of trotting from now until the horses have passed Janesville and Freeport, and the Milwaukee meeting has ended the fun. According to the Milwaukee Sentinel, the circuit is in its main feature the old Northwestern circuit. There have been some changes in the cities represented and the name has been altered by the insertion of the word "Central." What ever has taken place since the last season has been made for the best and all parties interested are working with a view to improving the circuit at every possible point and put it on par with any in the country.

The circuit as now made up consists of Cambridge City, Ind.; Columbus, Ind.; Terre Haute, Ind.; Janesville, Wis.; Freeport, Ill.; Cedar Rapids, Iowa; Minneapolis, Minn.; Milwaukee, Wis.; Pauline, Wis.; and Oshkosh, Wis. Pauline is presumably a member of the circuit, but owing to some irregularity in the method of getting in is in a state of friction with the other cities, and promises to make trouble before the season is over. St. Paul deferred coming in until after Eau Claire had been admitted, and then stepped in and claimed the Eau Claire dates. The matter has not yet been satisfactorily arranged, and St. Paul at present has no representation on the schedule which has just been issued. It is claimed by the circuit people that St. Paul will have dates and will hold a meeting, but just how this is to be done is not explained, and it is feared there may be some inconvenience experienced in getting the matter satisfactorily settled. "But there are reliable business men connected with the circuit," says the Sentinel, "such as C. M. Cottrell, J. G. Boyd, R. G. Watson, of Terre Haute; W. F. Bailey, of Eau Claire; H. D. McKinney, of Janesville, and John L. Mitchell, and it is safe to say that these gentlemen will see that everything comes out right in the end."

OBITUARY.

WILLIAM JOHNSON.

Died, May 15, 1889, at his home in Evansville, William Johnson, born in New York, April, 1807. He moved to Burlington, Wis., in the year 1837, and removed to Evansville in 1879 where he has since resided. Funeral services were held at the home of the deceased Friday, May 17, at 2:30 p. m. Mr. Johnson was a carpenter by trade. He leaves a wife, two daughters, several grandchildren, four great-grandchildren, besides many friends to mourn his death.

EXCURSION TO BELoit.

Wednesday May 22d, to attend the Andrews Opera Company. Tickets at King & Skelly's. Reserved seats for Janesville party.

Train leaves the O. & N. W. depot, Janesville, at 7:30 and arrives in Beloit at 7:56. Train leaves Beloit for Janesville after the opera, 10:45. Those wishing to attend this opera will leave their names at King & Skelly's Book store, as all can secure a good reserved seat by so doing. One and one-third fare for the round trip.

SHOOTING GALLERY.

Messrs. Mitchell & Connors are conducting a first class shooting gallery at 120 West Milwaukee street, commencing to-day and ending May 28th. They offer an attractive list of prizes for the best score.

A 22 calibre rifle is used.

THE CITY GOVERNMENT.

The Council Takes Up Traveling Stores and Taxes Them Five Dollars a Day.

Paving the Bridges—Water Main Extensions to be Laid at Once Other Business.

A regular meeting of the common council was held last evening at which Mr. President Norris presided, all the aldermen being present.

The Journal of the last meeting was read and approved.

The resignation of Ben Barrage as member of No. 2 hose company was referred to committee on fire and water.

The clerk read a communication from the Fire Police Co., announcing that T. T. Croft and O. Wells had resigned as members of that company. Placed on file.

The application of M. A. Cox, asking for permission to remove his saloon from 108 West Milwaukee street to 58 South River street, was referred to the license committee, and subsequently reported back to the council, and permission granted.

The clerk read a report of the street commissioner calling attention to work necessary to be done in the third and fifth wards, and additional recommendations in the fourth ward.

Ald. Jackson moved that much of the report as relates to the building and repairing of sidewalks together with the ordinance and charter amendments relating thereto, be published in the Gazette and Recorder. Adopted.

The clerk read a communication from Adam Holt asking permission to erect a barn on lot 177 in Smith, Bailey & Stone's addition, corner of Academy and Wall streets. This proposed barn is to be used by James Hopkins & Son, importers and breeders of horses.

The location being in the fire limits, and the proposed building not being in conformity to the provisions of the ordinance, permission was withheld until Mr. Holt complied with the provisions by filing with the clerk specifications for brick veneering.

The bill of the city attorney, including that of the stenographer, for work done in the Myers opera house for investigation, amounting to \$115, was allowed.

The clerk read a number of miscellaneous bills against the several funds. Referred to finance committee.

Ald. Conrad, of the finance committee, reported in favor of allowing bills against the several funds aggregating as follows:

General fund.....\$106 21

Highway, Street and Bridge fund.....72 75

Third Ward fund.....2 13

Fourth Ward fund.....3 07

Fifth Ward fund.....45 74

Total.....\$230 70

The report was concurred in.

Ald. Baker, of the judiciary committee, reported the bonds of Anna Paske for saloon license as in due form and sureties good. Placed on file.

Ald. McLean, of the fire and water committee, read a communication from Chief Engineer Henry Blunk, announcing the appointment of Geo. H. Osgood as second assistant engineer of the fire department, also notifying the council of the resignation of Ben Barrage as a member of No. 2 hose company, and recommending that in case Mr. Osgood was confirmed as assistant engineer, that no one be appointed to fill the vacancy in the No. 2 company, thereby adding no expense to the city.

On motion of Ald. McLean the appointment of Mr. Osgood was confirmed.

On motion of Ald. McLean the resignation of Ben Barrage was accepted.

Ald. McLean reported that the fire and water committee had let the contract for putting water service in the engine houses to H. E. Merrill & Co., and the work was now progressing.

Ald. McLean, of the license committee, reported that the city marshal had withdrawn his objections to granting a license to O. H. Hanson, and on his motion a license was granted.

Ald. McLean reported that the city marshal had sent in a written protest against the granting of a saloon license to Anna Paske, and on his motion the license was not granted.

Ald. Horn, of the gas committee, made a verbal report relating to oil lamps; the committee had placed a sample lamp at the corner West Milwaukee and River streets, and had it lighted for several nights and invited people to examine it. These lamps could be procured for \$6.50, would burn about 25 gallons of oil a year; eight hours a night, and would extinguish themselves; they required very little attention. The tanks would require filling once a week, and the wicks would last about twenty-three days. He thought it best in case the lamps were adopted, to award a contract to some person to furnish the oil and take charge of the lamps by the year. No action was taken.

Ald. Thoroughgood, of the highway, street and bridge committee, read the following:

Mr. President, and Gentlemen of the Common Council.

I requested the members of the highway, street and bridge committee to meet with me for a general inspection of the Court street and Fourth avenue bridges. We have been accompanied by a civil engineer, and find after a careful examination that the Court street bridge is absolutely unsafe for teams, and shall recommend the same to be closed until made safe by the necessary repairs. The Fourth avenue bridge is in good condition, in fact no wear being perceptible, except the planking which is worn thin and unsafe. It is necessary that Fourth avenue bridge should be thoroughly covered by something lasting, even more so than the Court street bridge, as it accommodates the ice houses, gas company, machine shops, and lumber and box factories on North Main street, while the place of business give employment to more than two hundred people, besides hosts of other classes of teaming and for travel; and I am quite sure the travel over that bridge is double that of Court street bridge. We have plank laid last year, but this bridge not being so wide as Court street bridge will, of necessity wear quicker, (being only twenty feet wide), and amply wide enough for all purposes, and with the exception of cover is in good condition.

In looking over the records in the city clerk's office I find that Court street bridge was rebuilt in June 1881 and that in July 1886, it was replanked, and ought to have been replanked last year. It is now so old that planking lasts less than four years, and this together with

the yearly repairs to planking on account of breaking and otherwise between these four years has made the bridge very expensive structures. Milwaukee street bridge was paved in April 1885, and is good for ten or fifteen years more before repairs even will be required the pavement, and to get out of the old fashioned and necessary expensive way of repairing bridges with plank covers only, your committee has concluded that replanking and paving with blocks with pitch enough to carry off the rains, the same as the Milwaukee street bridge is by far the most durable way of fixing our bridges. There will be some new joist needed on Court Street bridge. The ones put in by Contractor Ward, I believe were put 24 inches from center, which is not a great distance apart for heavy traffic. It is the opinion of your committee that there will be enough old joist in good condition to use over again, between the new ones, so that considerable money will be saved by doing and making the road more substantial; the timbers and piling are in good condition. As I said before, the Fourth Street bridge, all but the road bed, is as good as new, and requires only covering with blocks, and the same shall be covered with block pavement in the same manner as Milwaukee street bridge, the work to be done under the direction of the highway and bridge committee. The latter proviso I simply add so that the work on Court street bridge can be commenced at once, and not have to wait from one council meeting to the other, thereby delaying the work and most likely any day or more of delay will be necessary on account of work accidents happening from its present condition. I also think with the exception, perhaps, of myself, the committee is a good one, being composed of the city council, one from each ward, and that they are amply able to attend to this matter in a judicious and economical manner, and altogether in the interest of the city of Janesville. I move you, Mr. Mayor, the above order be adopted.

Ald. Jackson moved as an amendment, that the city clerk advertise for bids for doing the work, and that the council award the contract. Amendment adopted.

The original question as amended was then adopted.

Ald. Thoroughgood read a petition signed by John Richardson, O. T. Wright, J. H. Haviland, Adam Wilson, O. R. Wilcox, property owners on South River street, asking permission to build sidewalks on that street in front of their property on the same grade as that adopted by Pliny Norcross.

The petition was referred to the fourth ward aldermen.

Ald. Conrad, an order providing for the curbing of the west end of the court house park. Adopted.

Ald. Thoroughgood, that the city clerk advertise for bids for filling the wooden covered fire cisterns. Adopted.

Ald. Rowe, of the railroad committee, called attention to the dangerous condition of the planking at the railway crossings, stating that the crossings were in very bad condition and dangerous, especially so when persons were driving in a hurry. He thought the crossings should be plankled the entire width of the street and in order to bring the matter up, he moved that the city attorney be directed to notify the railway companies to plank between their crossings immediately, and if not complied with to prosecute the companies and continue the prosecutions until the crossings are plankled as required by the ordinance. Adopted.

Ald. Horn that the city attorney notify the street railway company to repair their track the entire length of the line. Adopted.

Ald. Conrad, that the city attorney notify Turner, Clarke & Rawson, of the water company, that if they do not commence the construction of the proposed extension by June 1st, that the city will hold them responsible for damages. Adopted.

City Attorney Doe, of the special committee appointed to procure forms for blank books, reports and bills for street commissioner's use, reported, showing forms of book, reports and bills. The report was adopted.

Ald. Conrad, that the printing committee have the necessary blanks printed. Adopted.

Ald. Jackson, for the repair of South Main and Jackson streets. Adopted.

Ald. McLean, granting R. W. McLean permission to use a certain portion of Locust street while building. Adopted.

Ald. Hanthorn, for cedar block crosswalk on the east side of Bluff street, across Milwaukee street. Adopted.

Also for a plank crosswalk across Milton avenue on the south side of Hyatt street; and across Walker street on the east side of Milton avenue. Adopted.

Ald. Thoroughgood, for a stone culvert between the northwestern corner of North Main street and Fourth avenue, to the river. Adopted.

Ald. Rowe, for crosswalk and tile culvert on the south side of Wall street across Jackson street; a crosswalk on the east side of Pearl street across West Bluff street; a tile culvert across Academy street at the intersection of Madison and Ravine streets; a crosswalk on Pearl street between West Bluff and Pleasant streets; and providing for the cleaning of all the gutters in the first ward. Adopted.

Ald. Jackson introduced a resolution providing that from and after May 20th all transient dealers, travelers or peddlers pay a license of five dollars a day for each and every day they are doing business in the city, the five dollars to be paid in advance and by 10 o'clock in the forenoon of every day. Adopted.

Ald. Horn, for the repair of South River street from Milwaukee street to the pumping works. Adopted.

Also for the cleaning of street gutters. Adopted.

Ald. Thoroughgood, instructing the city marshal to enforce the ordinance relating to swings, signs and obstructions on sidewalks. Adopted.

Ald. McLean, that when the council adjourns it be until next Monday evening at the usual hour. Adopted.

On motion of Ald. Conrad, the council adjourned.

An Eastern Majah.

Had a ruby which lighted his place at night. More precious than gems are beautiful teeth, which light up the face when displayed by a smile. Use 80 have been replanked last year. It is now so old that planking lasts less than four years, and this together with

ANOTHER ROCK COUNTY BOY.

HE WILL NOW BE GENERAL MANAGER OF THE NORTHERN PACIFIC.

Tost W. S. Mellen, who resigned as manager of the Wisconsin Central the other day is an old Rock county boy, not many people remember. He began his railroad life up in that little community that has started out so many noted railroad men—Milton Junction. It was in 1864 that he was a telegraph operator out at Milton Junction. He only remained there a short time when he was sent to Barrington, Illinois, where there was a water tank and depot. He remained there in solitude for a little over six months, and then was sent to Kenosha. A few months later he was sent to Racine, where he remained as agent and operator for about three years. In September, he was assigned to take the office of the Northwestern road at Green Bay. He had been in the employ of this road up to this time and held the office at Green Bay until the beginning of the year 1872, when he became general freight and passenger agent of the Green Bay and Lake Pepin railway. In 1871 he became general agent of the Chicago & Northwestern road at Winona, Minn., and the next year assistant general freight agent on the same road, with headquarters at Chicago. In 1881 he was appointed assistant general superintendent of the Atchison, Topeka & Santa Fe. Two years later he was appointed general freight agent of the Northwestern road and held the position a little over two years. From February 1885, to October 1886, he was assistant general superintendent of the Northwestern road, and from October, 1886, until the present he has been general manager of the Wisconsin Central line. He has now been appointed to the position of general manager of one of the most powerful railroad corporations in the world. The Oregon Transportation company will be controlled by the same interests that now control the Northern Pacific and Wisconsin Central, and Mr. Mellen goes to the management of this great corporation after a railroad career extending over a space of twenty-five years.

TRYING A FLOW CASE.

JUDGE BENNETT'S COURT IS TRIED TO A CHANGE.

There was no testimony heard in the case of Kelly against Cole in Judge Bennett's court to-day. The case was so arranged for the day as to allow the taking of depositions.

In place of the Kelly-Cole case Judge Bennett heard testimony in the case of W. H. Lathers against William Wyman from Clinton. Suit is brought to recover pay for plows taken on a writ of attachment.

Attorneys Jeffris and Doe were occupied most of the day in
